WET DUST COLLECTORS

Economy Downdraft Tables

Standard Specifications:

- 11 gauge steel hopper and braces
- 3/16" thick angle iron legs
- 3/16" foot plates
- 100% seam welded
- Marine grade powder coating; euro grey
- Ergonomic: Sit down or stand up operation
- Fiberglass work grates (40% open)
- 300 pound weight capacity
- Grate spacer plate (36" deep models only)

Model	Work Area Dimensions	Overall Dimensions	Outlet Dia.
EDD-3028	30" W x 28" D	30" W x 28" D x 32" H	6"
EDD-3628	36" W x 28" D	36" W x 28" D x 32" H	7"
EDD-3636	36" W x 36" D	36" W x 36" D x 32" H	8"
EDD-4828	48" W x 28" D	48" W x 28" D x 32" H	8"
EDD-4836	48" W x 36" D	48" W x 36" D x 32" H	10"

Options:

- Removable deflector walls
- Magnetic base fluorescent light
- Magnetic base safety shield

Model	Work Area Dimensions	Overall Dimensions	Outlet Dia.	Min & recommended Dust Collector CFM	Slot & Face Velocity at Recommended CFM
EDD-3028	30" W x 28" D	30" W x 28" D x 32" H	6"	800 CFM - 116 CFM	462 FPM / 200 FPM
EDD-3628	36" W x 28" D	36" W x 28" D x 32" H	7"	1200 CFM / 1400 CFM	657 FPM / 200 FPM
EDD-3636	36" W x 36" D	36" W x 36" D x 32" H	8"	1500 CFM / 1800 CFM	845 FPM / 200 FPM
EDD-4828	48" W x 28" D	48" W x 28" D x 32" H	8"	1500 CFM / 1866 CFM	637 FPM / 200 FPM
EDD-4836	48" W x 36" D	48" W x 36" D x 32" H	10"	1800 CFM / 2400 CFM	819 FPM / 200 FPM

AT Industrial Products is dedicated to creating safer work environments through high-quality Wet Dust Collectors designed to capture and contain combustible metal dust. Built for durability, reliability, and value, our systems are engineered to outlast and outperform the competition.
